TRIMRIB®

TRIMRIB® (S)

TRIMRIB® (TS)

TRIMRIB® (V)

All measurements are in mm and are nominal.

Description

Utilising the very latest in rollforming technology, Trimrib® can be manufactured as either Trimrib® (S) single swage, Trimrib® (TS) twin swage, or Trimrib® (V) two "V" swages.

Each profile is aesthetically pleasing, having been designed with modern building style in mind and creating contrasts of light and shade in straight lines. Trimrib® enables rapid water shedding from the roof with a low minimum pitch requirement of 3 degrees, and when combined with one of the pre-painted surface finishes, Trimrib® ensures the completed project provides both purpose and visual appeal.
