SUNVUE Product Warranty

Warranty Details

All product installed by SUNVUE New Zealand Limited or an authorised SUNVUE installer is fully warranted for a period of 5 years from the date of invoice. This includes any manufactures defects or any installation issues that should occur during the first 5 years. This is a full replacement warranty of any defective parts and materials.

Powder coat

All SUNVUE pergolas are powder coated using only quality Dulux powder coating products that are applied by a certified Dulux applicator. Unless otherwise stated the Duralloy powder coat finish is the standard. Duralloy has a maintainable service life of 25 years, a film integrity of 10 years and a colour integrity of 7 years when maintained correctly.

Please refer to the Dulux Maintenance Guide for more details.
